Creation Care Teens Summer Fun!

High school students--rising 9th-12th graders--are invited to join us as we develop our sense of ecological spirituality through engagement with our sister, Mother Earth.
Partake in educational & recreational activities to include:

- June 29th - Gazing at the Strawberry Moon at Sunset Cliffs with pizza in Ocean Beach
- July 12th - Sunday afternoon trip to a sustainable farm
- Last week of July - Serve at the newly established St. Vincent de Paul thrift shop
- August 8th - Hike Mother Miguel Mountain & BRUNCH!

Depending on interest, we may expand our lineup to include even more summer fun!
