

Lighting and Leading the Way Forward Amidst Climate Crisis

Speaker Bob Gilleskie, PE, a Naval Academy graduate and Bronze Star recipient, holds a master's degree in electrical engineering from Purdue University and has instructed at UCSD. A career professional in the energy sector, he authored the book, *Lighting the Way* on leadership. Bob is a parishioner of St. James and serves on the Diocese Creation Care Animator Committee.

As Pope Francis decries a lack of leadership in his exhortation *Laudate Deum*, we tackle the question:

What is leadership and how can I lead amidst today's climate crisis?

Join us on November 28th at 3:30PM Pacific, in person at the Diocese of San Diego Pastoral Center or via zoom.
